Chief Editor's Message – 2025

It has been a privilege to serve as Chief Editor for this year's edition of our school magazine. This publication captures the spirit, achievements, and memories that defined 2025—from academic milestones to sporting triumphs and personal growth stories.

I extend my sincere gratitude to all contributors—students, teachers, and departments—who made this edition possible. Special thanks to the editorial team for their creativity, commitment, and hard work behind the scenes.

As you flip through these pages, may you find inspiration, laughter, and pride in being part of this great institution. Happy reading!

Chief Editor:
Sophy Moragwa Gechanga

Message from the Student Editorial Board – 2025

(Curtain raise)

Welcome to the 2025 masterpiece. First and foremost, we would like to thank the Almighty for the far He has brought us. This magazine will take you through the Kitondo School paradise, a paragon of civility, page by page. The G School as we call it.

Creating this magazine has been a journey of teamwork, creativity, and discovery. We're proud to present stories that reflect who we are—our dreams, challenges, and victories. Thank you to everyone who contributed. We hope you enjoy reading it as much as we enjoyed making it! (Curtain close)

The Board of Management – 2025

The Board of Management takes this opportunity to congratulate the entire school community for the commendable achievements recorded during the 2025 academic year. We remain proud of the school's upward trajectory, both academically and in co-curricular activities.

The excellent KCSE results of the 2024 class were a reflection of hard work, good leadership, and teamwork among students, teachers, and the administration. The school's continued participation at high levels in music, drama, and sports—including the rugby team's qualification to the national level—shows a well-rounded approach to education.

We commend the school for maintaining high standards of discipline and for fostering a culture of excellence and responsibility. The adherence to policies, school routines, and values speaks volumes about the character being built here.

B.O.M Chair, Philip Mainga

The PTA Chairperson – 2025

On behalf of the Parents Teachers Association (PTA), I extend warm greetings and heartfelt congratulations to the entire school fraternity for yet another successful academic year.

We are especially proud of the impressive KCSE results posted by the 2024 candidates. This achievement reflects the tireless efforts of our teachers, the focus of our students, and the solid support system provided by the administration, parents, and guardians.

Beyond academics, we celebrate the school's active participation and notable success in co-curricular activities. The Music and Drama Clubs reaching regional level, and the Rugby Team qualifying for the national stage, are proud moments for us all.

We applaud the school's emphasis on discipline, orderliness, and holistic development. The students' commitment to wearing the correct uniform, keeping time, and adhering to school routines is commendable. As the PTA, we remain committed to supporting the school's growth through meaningful engagement, resource mobilization, and fostering unity among stakeholders.

Mr. Albanus Mutula

*May this magazine reflect our shared journey, efforts, and vision.
Enjoy your read!*

CHIEF PRINCIPAL'S REPORT – 2025

R.B Mokaya

Chief Principal, The Kitondo School

It gives me great pleasure to present this brief report for the year 2025. The past academic year has been one of growth, achievement, and renewed energy across all spheres of our school life.

We began the year on a high note, celebrating the exceptional performance of our 2024 KCSE candidates during the Prize Giving Ceremony. Their dedication and discipline were a source of pride for the entire school community.

In co-curricular activities, our Music and Drama Clubs advanced to the regional level competitions, reflecting the growing strength of the arts in our institution. Our Rugby Team continued to shine, qualifying for the national championships—a continuation of the legacy that has seen us compete at the East African level in previous years.

A major milestone was the commissioning of our new dormitory block, an event presided over by Hon. Kipchumba Murkomen EGH, Cabinet Secretary for Interior and National Administration, together with senior officials from the Ministry of Education and The Teachers Service Commission.

I extend my sincere gratitude to the Board of Management, Parents Teachers Association, teachers, non-teaching staff, parents, and students for their invaluable support throughout the year. Enjoy your read as you relive our collective journey through the pages of this magazine.

DEPUTY PRINCIPAL (ADMINISTRATION) REPORT – 2025

Mr. Ambrose Yulu

Deputy Principal, The Kitondo School

It is with pride and gratitude that I present this year's administration report. 2025 has been a year marked by commendable discipline, consistency, and a shared commitment to upholding the values that define our school.

I wish to applaud our students for their high level of discipline, both in and out of class. Their respect for authority, timely reporting, and commitment to personal responsibility have contributed greatly to the positive learning environment we enjoy today. We have continued to maintain high standards of conduct, with students adhering to school rules, including the correct wearing of the school uniform and our tradition of movement by running—instilling punctuality, order, and a spirit of responsibility. Our journey in academics has been a steady climb, marked by

persistence and clear focus. From humble beginnings, the school has risen to become a centre of academic excellence, respected both regionally and nationally. As a department, we continue to enforce school policies fairly and firmly, ensuring every student has the opportunity to learn and grow in a safe, structured environment. I thank the Principal, fellow administrators, staff, and students for their continued cooperation and support. Together, we are shaping a school of character and purpose.

Students during prize giving ceremony

The Deputy Principal (Academics) – 2025

Mr. James Masio

We celebrate the excellent KCSE performance of the 2024 candidates, a true reflection of teamwork, discipline, and focus. This year, we've strengthened academic monitoring, academic keshas, special programs support, and mentorship programs to cater for all learners. Teachers have shown great dedication, and students have responded with commendable effort. Peer support and academic clinics have also played a role in improving grades and student confidence. We thank parents and guardians for partnering with us in this academic journey. Let us keep working together to ensure that every learner achieves their best and that our school continues to expand.

The Deputy Principal (Boarding)– 2025

The 2025 academic year has seen steady progress in the boarding section. Students have maintained good discipline, followed routines, and shown maturity in personal responsibility. The involvement of house prefects in managing dormitory life has been impressive. We also celebrate the opening of the new dormitory, which has enhanced comfort and reduced overcrowding. We thank all stakeholders—parents, staff, and the administration—for their continued support. Together, we are building a boarding environment that encourages order, discipline, and personal development. We look forward to even greater cooperation in the coming year.

Mr. Solomon Julius

Master Administration

**Madam
Magdalene Ngumbau**

This year has been marked by discipline, dedication, and academic progress. I commend the staff and students for their hard work and resilience. Let's continue upholding excellence in all we do. Together, we build not just results—but responsible, principled individuals. Keep the spirit alive!

Senior Master Academics

Mr. Duncan Masinzi

Academic excellence requires planning, discipline, and teamwork. This year, we focused on timetabling, exam preparedness, and monitoring academic progress. We commend students and teachers for their efforts.

Let's maintain the focus and keep aiming higher as we prepare for future success.

MESSAGE FROM THE SCHOOL

CHAPLAIN – 2025

Rev. Zakayo

I thank God for His guidance throughout 2025. Our school continues to grow not just in academics, but also spiritually. Weekly fellowships, morning devotions, and moral teachings have nurtured students' faith and discipline. The AIC Church which is the school sponsor together with the Christian Union, the Young Christians Society, the Seventh Day Adventist and the Muslim groups have remained active in spreading values of humility, kindness, and integrity. I appreciate the school leadership for giving space to spiritual growth. Let us all continue walking in faith, seeking wisdom from God, and living by His Word. May this magazine be a reminder of how far we've come—by God's grace alone.

HEAD OF EXAMINATIONS DEPARTMENT

THE KITONDO SCHOOL

Let me take this opportunity to thank the almighty God for the far he has brought us. We managed to score a mean of 8.056 in last year's KCSE Examination with a total of 250 candidates. The school registered a positive deviation compared to the previous year. We are optimistic that our school will perform even better than last year in the forthcoming KCSE 2025. This year, we have 287 candidates.

The results for 2024 KCSE are as shown in the table below. The transition to university was 90.8 %. Once more, we thank the almighty for this achievement.

BY: MR K.B. ORINA, HOD EXAMS

THE BOARDING MASTER – 2025

Mr. Satia Nyongesa

This year has been outstanding for the boarding department. Discipline, cleanliness, and punctuality among students have improved significantly. We are particularly proud of the students' responsible behavior and cooperation with boarding staff. The official commissioning of our new dormitory by Hon. Kipchumba Murkomen was a major step in improving student welfare. We appreciate the administration, parents, and support staff for their contributions. As boarding staff, we remain committed to creating a safe, structured, and supportive environment where students can grow holistically. May we continue nurturing discipline and resilience in every learner under our care.

H.O.D – Library

Madam Faith Musau

The library remains a vital academic hub, offering resources that support both learning and research. This year, we improved access to digital materials and encouraged a strong reading culture. We thank students and staff for embracing the space responsibly.

Keep reading—knowledge is power!

H.O.D – CAREERS

Career guidance plays a key role in preparing learners for life beyond school. In 2025, we held mentorship sessions, career talks, and university forums. We thank all guest speakers and stakeholders. Students are encouraged to keep exploring and planning their futures early.

Ms. Caro Nyagitari

Ms. Zipporah Mutuku

H.O.D – Games

Mr. Musoi

Our students displayed exceptional talent this year, especially in rugby, where we reached the nationals. Music and drama teams also made it to regionals. We thank coaches, players, and supporters for their dedication. Co-curricular activities continue to shape well-rounded learners.

H.O.D – Mathematics

Mr. Nzomo

The Mathematics Department has continued to record steady improvement. Through extra lessons, peer mentorship, and exam clinics, students have gained confidence. We urge learners to keep practicing consistently—mathematics rewards effort and accuracy. Together, we aim for even better results ahead.

H.O.D – English

Mr. Kasau

Language shapes thought and communication. Last year's class set precedence with their remarkable improvement in the KCSE Performance. We hope to surpass that mark in the 2025 KCSE. This year, we emphasized grammar, literature appreciation, and public speaking. Students showed growth in writing and performance, especially in drama and essay competitions. Let us continue reading widely and speaking confidently. The power of words is limitless.

H.O.D – Technical Subjects & Creative Arts

Mrs. Wambua

Year in, year out, our students showcase not only good results in their academics but also great creativity in subjects like Computer Studies, Agriculture and Business Studies. Practical skills remain vital for self-reliance and innovation in the world's rapidly changing job markets. We thank our dedicated teachers and learners for exploring useful skills to remain competitive in society. Let us keep nurturing hands-on skills and talent alongside academic excellence.

H.O.D – Sciences

Mr. Ngangi

Science remains central to modern education. In 2025, we enhanced lab sessions, participated in science contests, and promoted inquiry-based learning. Students have shown great enthusiasm in Biology, Chemistry, and Physics. We thank all for their support. Let's keep innovating and exploring.

H.O.D – Humanities

Mr. Silu

Humanities help us understand society and values. Our department saw strong student engagement in History, Geography, and CRE. Through discussions, fieldwork, and exams, learners developed critical thinking and global awareness. Internal and external examiners have equally boosted the learners' content mastery. We also encourage curiosity, debate, and informed perspectives in every lesson. We are confident our learners will do exceedingly well in their internal and the national examinations this year.

H.O.D – Guidance & Counseling

Mrs. Kyalo

This year, we focused on students' mental health, discipline, and character development. Counseling sessions, group talks, and mentorship programs helped learners navigate personal and academic challenges. We thank students for opening up and teachers for their support. We're here—always ready to listen.

STUDENT LEADERS COUNCIL

SCHOOL CAPTAIN

<<*Brighton Levis*>> 404East

I thank God for the opportunity he bestowed upon me to become a leader at Kitondo school three years ago. I started out as a class governor, got promoted to a chaplain minister and finally the School Captain. I have worn these titles with gratitude and humility as well as with an intention to mold my peers into civilized men. Being a leader in a prestigious school as The Kitondo School has taught me lessons that are unforgettable. For instance, I have learnt that learners, owing to their different backgrounds and upbringing, are diverse and special in their own unique ways. Our teachers understand this as well. They therefore handle us at individual levels and as a result we grow to achieve our destined heights. For this, I greatly appreciate.

Special thanks to the school administration for holding our young hands and showing me, the Student Leaders Council and the rest of the students the correct way. Keep up with the same spirit. As we prepare for the KCSE 2025, we are confident that we will do exceedingly well and proceed to greater horizons next year. Therefore, to the students, I wish to encourage you that today might be tough and tomorrow even tougher, but the days coming after tomorrow will be sweet because we will have gained adequate skills to conquer future challenges.

DEPUTY SCHOOL CAPTAIN

<<*Samson Chirongo*>>404WEST

I take this opportunity to thank the almighty God and thee school administration for trusting me with an opportunity to serve in the capacity of Deuty School Captain, 2025. I also thank the Kitondo School fraternity for the unconditional support, providing us with all that is required for conducive learning.

As the wise say, hard work pays. All our educated eyes are on one goal this year; a KCSE mean of 9.7. We are 'Determined to Succeed and Committed to Excellence'. I hope you have a blast reading through this year's edition.

BOARDING CAPTAIN

<<Joseph Saneti>>404NORTH

To the Almighty God, the giver of life and purpose, I will be forever grateful. He has given us good health and a chance to serve humanity. I thank the school administration, the Chief Principal, for his great support to us. Truly, his blessings and gentle words of motivation have always reassured us and put us back on track. Thank you for face-lifting the boarding environment to a modern look that we could have only imagined possible. We draw inspiration from this aesthetic value added to our school and promise to exploit our full potential to the maximum.

To the students, remember determination and commitment, together with maximum and skillful utilization of time are virtues that automatically lead to excellence in all aspects of our lives.

CASE CLOSED

A man and a woman were in a court to divorce and they were arguing about who would go with the child after the divorce. The judge gave the woman time to defend herself and the woman said; I am the mother of the child I should be given the child to take care of him. Then the judge gave the man time to defend himself and he asked the judge a question; when you insert an ATM card in an ATM machine and money comes out does the money belong to the ATM machine or the ATM owner?

THE BEST PLACE

Between the earth and the planets,
No place like Kitondo,
Quality education we get,
Kitondo our home and we are proud of it.

Everyone is amazed,
Which Kitondo is this,
they thought it will not succeed,
But now they are yawning,
Kitondo our home and we are proud of it.

Quality grades are posted,
University transition is 100%,
With a lot of support from our teachers,
our future sired
Kitondo our home and we are proud of it.

Kitondo is blessed with many blessings,
The best principal ever seen,
Quality teachers we have,
Kitondo our home and we are proud of it.

THE KITONDOSCHOOLPOEM

For the rumors I hear,
Of your glamorous of fear,
Not dangerous of plea,
Is the Kitondo School I hear?

Committed to serve in Excellency,
Not bringing any fallacy,
I just hear about your warranty,
Is the Kitondo School I hear?

Working to get the better,
Not working only for butter,
It is like the father,
Of the schools wherever,
Is the Kitondo School I hear.

They don't work in vain,
For they are not insane,
To work to strengthen the brain,
Is the Kitondo School I hear?

POEM

Kitondo is my name,
Excellence is my pledge,
Achieving is my aim,
Discipline is my edge.

Talents I have the all,
Professions I have them all,
High marks to achieve,
Role model I'm the super wow!

In kitondo I believe,
Working smart is my belief,
As which I achieve as home,
Kitondo! Kitondo! Kitondo! A school to be.

THE KITONDOSTORMS

Standing between jaws of competence,
Disciplined institution,
We are eagles above the sky,
Inspiring to inspire,
Before we expire,
Determined students,
Believing in hard work,
Committed to excellence,
Success we achieve.

Transforming the less valued,
Big minds we process,
The future shining stars we create,
Nurturing talents and enduring obstacles,
With acknowledgement of your
principalities,
Sincere gratitude we give,
The kitondo school chief principal,
A genius indeed,
Aspiring to produce silver brains.

The passionate game changers,
Striving for higher horizon,
Erasing the dark spots,
The ladder we climb,
Sincere appreciations,
To the kitondo fraternity,
Paragon of civility,
Long live kitondo
